FAQ

---

1. Do I need a SENDINBLUE account to use this add-on ANSWER: Yes
2. Do I need perfex Crm to use it?
   Yes. **This is not a standalone payment gateway module for SENDINBLUE, the module requires Perfex CRM application installed which can be purchased** **here**. Installation
3. How do I get support?
   Kindly contact us on Codecanyon or use our support form at https://www.boxvibe.com/support
   Or send a mail to support@boxvibe.com Thanks.

TROUBLESHOOTING

- To check what version you are using visit click here.
- If any **css/js errors** outputted on developers console or tables are not loading **make sure you cleared your browser cache.**
- **If you are using your own themes/view files** e.q my_home.php **make sure to re-check them** in case you are getting blank pages because may happen some function changes and an error occur in your view file. **Try switching to the original files** to check if everything will work.
- Getting 500 error - open support ticket and we will be happy to assist you.
